COUNTRY DRUG DEALERS should purchase a full supply of Herbs' Saraparilla. It is said to be the only reliable article offered to the trading public, and has completely superseded all other saraparillas of the day, *etc.*

A new carrier will be placed on the Portland and New Albany routes. Subscribers at New Albany who do not get the papers will notify John Wayman, at Dr. Wilcox's, on Market, between Pearl and Bank streets, and porters and subscribers will notify us by letter.

DEATH OF SYLVESTER HARRIS, of HARRIS CO.—Hon. Sylvester Harris, State Senator from the Postonville and District, died yesterday at his residence on Wednesday the 10th inst. Mr. Harris has been favorably known throughout our State. A native of Steele county he was educated at Centre College, Danville, and studied law under the tutelage of Gov. Owles, at Frankfort. He soon attained the front rank in his profession, and his services merit the highest commendation, while his personal character, simple, modest, and unassuming, endeared him to all his fellow citizens. His several times served in the Legislature, and both in the House of Representatives and in the Senate, he occupied a preeminent position and influential position.

Fully of fiery zeal, energy and earnestness, tempered with sound discretion and guided by marked ability, he impressed all who knew him, and his name will long be remembered for his talents, and adherence to the purity of his generous and noble character.

In the fulness of his manhood, in the matel of a prompt and promising career, he has been removed from the scene of his earthly labors and triumphs. In his death his friends have lost a much-valued associate, and the State one of her most-valued citizens.

THE HENKELIN TRAGEDY.—The Sag-Night was in this neighborhood, ever prompt to catch up any rumor favorable to their partisans or unfavorable to an American, and unscrupulous enough to manufacture such reports if none are otherwise to be had, have endeavored to turn the blame of the killing of young Rader, at Henkelin upon the unfortunate victim of the fatality of one of their own bulls and fighting men.

We have waited for the legal investigation of the matter, and find that it presents a state of case exactly the opposite of the statements made by the Sag-Night press.

The young bull, which was arrested and was examined at Jeffersonville on Saturday. There were several witness, and we have no room for the testimony in full. The evidence presented showed that while two men were engaged in a fight, young Rader ran up exclaiming "fall, fall, fair play!" Several pistol were fired, and Dolan ran up to Rader and inflicted the wound upon him. When Dolan was pursued and arrested while the bloody knife was still in his hand, the testimony was conflicting as to whether Rader was armed, and whether he fired a pistol. Evidence was introduced that just before the affray Dolan was very sonny and troublesome, and was heard shouting that he "could whip any G—d—sony-Nothing to the ground!" It was also proved that Dolan was particularly in this city, threatened the life of Rader.

This is the substance of the facts collected in the investigation of the case on Saturday. The examination of witnesses was then concluded, and the counsel will make their arguments to-day.

Just as in other instances, the Sag-Night press has been unable to furnish any account of the blunder, which is a regular and legal investigation, evidently attaches to one of their own bulls. Further comment is unnecessary.

GOVERNOR IN THE FIELD.—Governor Andy Johnson, Tennessee, has made that Sag-Night press take political sides, while he continues to support the Union cause.

The sagacity of the sag-nights, however, which he has filled with so much shilly, but we think the example which has then been set, is the best proof of the sagacity of the sag-nights.

An Ishman who had mounted a pony, got off his bed in the third story of a house on Water street, on Friday night, ascended to the roof, and fell front to the ground, and was seriously injured. He was still alive yesterday.

Wheeler has been very favorable for agricultural purposes, which has induced others to press their stocks upon the market.
